## A CATHOLIC BANK.

LONDON, March 31.—It is said the project of the leading members of the Roman Catholic Community to carry into financial masters the bond of Catholic sympathy and confidence has assumed the shape and title of the Anglo-Universal Bank (limited), with a directorate in London and Paris, and containing among its patrons eminent British, French, and Italian noblemen. The design of the bank is to take up and extend valuable foreign connection, and assure a more efficient protection and development of the Catholic business interests throughout the world.

## PROBABLY URGED.

LONDON, March 31.—Neither the English nor French Government have any information of the alleged occupation of the English island of Matacoung.

## ENGLISH REVENUES.

LONDON, March 31.—The total receipts from the various sources of revenue in the United Kingdom for the financial year now closed were £83,115,972 sterling, which is £11,028 less than the estimate. The receipts from customs show a deficiency of £184,000; from excise, £30,000; and from stamps, £30,000. The other branches of the revenue show an increase of receipts. The net increase of revenue, compared with the financial year, is £5,332,673.

## THE BESIEGED BRITISHERS.

MARITUBERG, March 31.—Several native runners, induced by large rewards, have started for Ekwati with dispatches for Col. Pearson, but returned, reporting the roads destroyed every approach commanded by the military kraals (forts) and the country of Zulus. With the arrival of Col. Pearson's supplies, it is believed, will be exhausted by the end of March. The expedition organizing on the Lower Tugela for his relief amounts to fourteen companies of regulars. As soon as the native contingent is sufficiently strengthened, the expedition will be pushed forward.

## STATE AFFAIRS.

## INDIANA.

INDIANAPOLIS, Ind., March 31.—The special session of the Fifty-first General Assembly adjourned sine die at noon. There have been sixty-nine House and fifty-six Senate bills passed. One bill, the Medical College bill, was passed and failed to pass, while twelve others are still held by the Governor for further consideration.

An effort to have the Judiciary Committee report to the next Legislature upon woman suffrage failed.

Among the bills of a local character, which failed to incorporate the Baptist Board of Publication.

Resolutions were adopted in the House to continue the investigation into the office of the Attorney-General, and instructing the present Attorney to take a necessary step to recover the transcript of the transaction of office during Buskirk's term, which that gentleman had carried away, leaving a partial and imperfect record.

Some time ago constituted the Legislature upon the passage of the bill reducing the interest in the face of the money power of the State, and the Tax and Salary bill in the face of the combined lobby of county officers and their attorneys.

## THE LAST DAY.

THE REPUBLICANS.

Yesterday was very quiet, the last day of the campaign among many masters, and the Republican and Democratic headquarters were as quiet as ever. The Republicans were in their usual good spirits, expecting to reap a decided victory at the polls to-day, if the weather should prove fair and a full vote was polled in the Republican wards. The only thing they feared was a bad day and the carrying out of the "repeal" scheme, which is known to be in contemplation, and, in certain hands, the tampering with the ballot-boxes after the polls were closed. These things averted and a full vote being cast, they estimated a majority for the entire ticket of not less than 3,500. The Campaign Committee was in session and received the telegrams from Mr. Katauskas, a Representative from Milwaukee in the First Ward, and ordered Al. Schewe's name substituted on the ticket, which was done, which was all the business transacted beyond arranging some details for the work to-day and adopting a resolution to meet again on Friday evening at the polls, and vote, rain or shine. At present there was a large attendance of Christian men to honor and reward him who has done all he can to aid the late Rebels in abolishing such a law, a man who has been a leader in the cause of the principles of the Republican party, and whose election would send a thrill of joy throughout all Christendom, and a pang of sorrow to every loyal heart!

REPUBLICAN HEADQUARTERS,

and a noisier, more boisterous crowd was seldom seen. The Republicans had a full house, for the city court went up for more money with the name of Jerome W. Gilmore, who is the "Temperance man" of the position. While the rabble, however, were in the grip of an unnatural enthusiasm, the staff in the Executive Committee was ragin at its highest, and momentary trouble to pieces. The Republicans wanted to have a meeting in connection with this was the pretty well-authenticated report that the Washington Brigadier General had sent a telegram to Alderman for him to be present at the meeting, and that the entire class was set down upon, as it should have been, no one could be found of his party to attend, and a pang of sorrow to every loyal heart!

THE ARGUMENT AND odious crowd, however, was a real voter, and swear to it before the Judges.

THE ON YOUR GUARD.

The Democrats were out on their tickets, intended for distribution in the Twelfth Ward, for instance, the name of Jerome W. Gilmore, who is the "Temperance man" of the position. While the rabble, however, were in the grip of an unnatural enthusiasm, the staff in the Executive Committee was ragin at its highest, and momentary trouble to pieces. The Republicans wanted to have a meeting in connection with this was the pretty well-authenticated report that the Washington Brigadier General had sent a telegram to Alderman for him to be present at the meeting, and that the entire class was set down upon, as it should have been, no one could be found of his party to attend, and a pang of sorrow to every loyal heart!

THE MISCELLANEOUS.

BALLARD VS. ENGLE.

Every citizen of the Second Ward, Republican or otherwise, who is interested in the honest management of city affairs, should turn out to-day, and cast a vote for Ald. Ballard, who has proven himself during a long term of service in the Council an honest and efficient public servant. His opponent is Sam Engle, ex-taylor for the Police Department, who is supported by a ruck of classless, despotic, and unscrupulous men, who are called greenbacks, and disreputables. There is no question of Ald. Ballard's election, but notwithstanding that everybody should turn out and vote for him in order to swell his majority to the highest possible amount.

ALD. SCHWEITZER.

The Republicans in the west end of the Sixteenth Ward have prevailed upon Mr. Fred Carstens to withdraw from the Aldermanic race, and he and his friends will support him in his efforts to get the eight in that ward will be between Mr. Schweihtzer, who is backed by both Democrats and Republicans, and Mr. Engle, who is supported by a ruck of classless, despotic, and unscrupulous men, who are called greenbacks, and disreputables. There is no question of Ald. Ballard's election, but notwithstanding that everybody should turn out and vote for him in order to swell his majority to the highest possible amount.

"PINAFOR" AT HAMILTON.

There is a very queer "Pinfore" come to anchor at Hamlin, with very motley crew, headed by Pauline Markham, of open-house fame, over whom the world has been agitated for many years ago, and who even evinced the crusty Richard Grant White with her "velvet voice."

CHICAGO.—Because it will save \$5,000 each year the amount now expended by Supervisor Hudson in the manufacture of volunteer papers.

THIRTEEN.—Because a thorough and competent Assessor, who will make a just and equitable valuation of all property without being headed to the Judges, so that the voters may truly express their preferences.

NINTH.—Because the ticket is composed of honest and competent citizens, earnestly devoted to the welfare of the city, and who will be a credit to the community, and vouch for by a responsible political organization.

PINE.—Because it will restore to the people the invaluable right of the primary choice of their official representatives, a right that has so long been usurped and controlled by elected pretenders.

THE CAYER OF HYDE PARK.

THE WATER WORKS.

THE PARK, March 31.—The Board of Trustees some time ago voted to submit to the people at the election to-day the question whether or not a dissolution of the joint ownership of the Water-Works, now owned by the Village of Hyde Park and the Town of Lake, should take place.

The question would take place, so that the public would be enlightened on the question. There has been, however, no agitation of the question, and it is feared the people are not prepared for the result.

After a careful consideration of the question, I am inclined to the conclusion that it is for the material interest of both towns to retain the water works, at least for the present, the copartnership. During the last year new machinery has been placed in the joint water works, and the cost of the same has been for domestic and fire purposes to the people of both towns for years to come, without further additional cost. It is the opinion of the Water-Department to run the works for Hyde Park alone, it does not now hold to town. The consumption of coal per year is very small, less than one ton, and the cost of maintaining the name of McAleney in the Fifth Ward for Ryder, the regular nomine. In fact, the water works have sacrificed every thing, and everything for Harrison, and in printing the tickets, which cannot fail to cause some bitterness at the polls, and to stir up inter-party war of which the owners of the party will never hear the last.

A reporter took occasion, during the day, to get at THE ESTIMATES.

made by the party managers upon which they based their hope of success to-day. In his travels and inquiries he found that the people of the Democratic party, the larger majority, was still clinging, varying all the time, however, from 500 to 1,000, and willing to wager on their opinions. Some others, indeed, however, from the best source, said that while the whole of the Democratic figures were wild, the most they expected was about 1,000:

Wards	DEMOCRATIC	Wards	Wright
I	4,000	200	200
II	1,000	100	100
III	1,000	100	100
IV	1,500	100	100
V	700	500	500
VI	500	500	500
VII	300	1,000	1,000
X	300	200	200
XI	1,000	200	200
XII	1,000	200	200
XIII	500	200	200
XIV	500	200	200
XV	500	200	200
XVI	500	200	200
Total	7,400	800	6,000

The Democrats made their figures on the assumption that the city would support them, and the Republicans would submit the name of McAleney in the Fifth Ward, where he is the regular nomine. In fact, the water works have sacrificed every thing, and everything for Harrison, and in printing the tickets, which cannot fail to cause some bitterness at the polls, and to stir up inter-party war of which the owners of the party will never hear the last.

THE TOWNS.

THE THREE TOWN MEETINGS.

will be at 2 o'clock to-morrow, the North Side at Turner Hall, the South Side at Wahab hall, and the West Side at the Library Hall, in Madison street, near Milwaukee. The meetings of the tax-payers should turn out in force, and the people of the First and Ninth Wards will be represented.

By the legal voters of the Town of South Chicago, in the town meeting assembled, it is proposed that the Town of South Chicago, and that the Clerk of the County Court deliver a copy of this resolution to the County Board of Cook County for its guidance and direction.

JOHN L. BENNETT.

THE REPUBLICAN candidate for Assessor in the South Town, states that, if chosen, he will pay over to the Treasury all expenses of commissions and taxes, and the amount which may be exacted to pay all necessary and legitimate expenses of the town, and will not be a burden to the taxpayers.

The change will be well received, and the Clerk of the Circuit Court will be sure to do his duty in giving the County Board of Cook County for its guidance and direction.

## FINANCE AND TRADE.

**Government Bonds Stronger—Foreign Exchange Dull.**

**Temporary Activity in Chicago—Money Market—Stocks Higher.**

**The Produce Markets Generally Steady, and Most of Them Tame.**

**A Day of Changing Over—Waiting for April Deliveries.**

## FINANCIAL.

A better demand for Government bonds is reported by the Chicago dealers. Sales were made almost entirely in small lots to purchasers for permanent investment. For the first time in some weeks the brokers are now selling the public more bonds than the public are selling them. There were few changes in price. The 6% of 1881 were unchanged, at 100%; the 5% of 1887 at 102; the 5% of 1888 were steady, at 101%; the 5% of 1889 advanced, to 104%; the new 4% remained at 99%. The 4% per cents were 99%.

Change of opinion of foreign exchange was heralded, and will remain so long as the shipping movement does not improve. There were some changes in quotations.

In Chicago sterling grain bills were 48¢, and French bills were 52¢. The actual Chicago rates for sterling were 48¢5 and 48¢5. In New York the actual rates were the same. The posted rates for sterling were 48¢ and 48¢. French bankers' bills were 51¢ and 51¢.

Consols advanced to 97¢.

The net profits of the Bank of England for the six months ended Feb. 23 were \$4,107,275. The bank declared a semi-annual dividend of 5½ per cent. The capital is now \$72,705,000, and the stock is quoted at 282½ for 100.

There was a good deal of activity at the Chicago banks in negotiations for loans for the settlement of the first of the month. Deliveries will be heavy, and engagements have been made for large sums, mostly on call or short time.

The call rate has temporarily advanced to 7 per cent. The current time rate is 8 per cent. Checks and bills are made at 10 per cent. The currency movement is light. Country orders for New York exchange continue large. Bank clearings were \$2,700,000.

Among other reasons for believing that the money market in New York will not be any tighter during April than it is now, and that the present stringency will be short, is the fact that the interior banks in New York State and Connecticut have been loaning money in the New York market. These banks are well supplied with funds. Last December, in order to provide against any hitch in the resumption of specie payments, they called in funds sufficient to meet any contingency. These funds have remained in these banks, and now for the first time make their appearance in the money market.

Stocks were strong. There has been some-thing of an advance in the speculative securities, and, according to the talk of the street, there is another improvement in progress. An examination of the past lists does not disclose any great gains. Michigan Central was closed at 85¢. Lake Shore declined 4¢, to 75¢. Northwest central, opening at 60%, and closing as high as 63%, went down to 59%, and closed at 60%. The preferred advanced 4¢, to 88¢; St. Paul common 4¢, to 41%; the open market opened and closed at 80%. Rock Island declined from 130¢ to 120. Illinois Central was the same, at 81¢. Alton advanced from 79¢ to 80. Union Pacific fell off 4¢, to 72¢. Erie gained 2¢, to 25¢. Wabash was down to 20¢. Ohio & Mississippi gained 3¢, to 12¢. C. C. & I. 3¢, to 43¢; St. Joe preferred 3¢, to 44¢; Delaware & Hudson 3¢, to 40¢; Lackawanna 3¢, to 48¢; Jersey Central 3¢, to 32¢; Western Union 3¢, to 103¢; and Kansas Pacific 3¢, to 23¢.

\* Missouri, Kansas & Texas firsts were 57¢ or 57½, and the second 24¢(24¢).

Mississippi gold bonds were 107¾; St. Paul Banking Fund 107¾; Eastern Coast 104½; & Northern, 78½; Alton 6 per cent, gold, 101.

Railroad bonds in New York on Saturday were strong and generally higher, with the largest transactions in Kansas Pacific Denver Division trust-receipts, which advanced to 103%; a rise of 1½ per cent. The other changes were as follows: An advance of ½¢ in Jersey Central firsts consols; ½¢ in adjustment bonds; ½¢ in Rock Island sizes of 1917. Missouri, Kansas & Texas consols advanced, to 60 seconds, and Central Pacific land-goods; ½¢ in Metropolitan Electric power; ½¢ in Northern, 78½; and the second 24¢(24¢).
